Hutton & Co.'s Stock Letter.
Hutton and Co. say: "Further profits were made in the bull market, which is getting well under way. Buying of the best character is seen in many of the representative issues and an accumulation in many specialties was in evidence by strong pools, who have received information from bankers and conditions are favorable for bullish activity. Probably the strongest incentive to bull stocks the coming summer is the favorable condition of all growing crops. With the year of moderately good crops, expansion of wealth in this country will be phenomenal. These events will have a strong effect on sentiment abroad, where our bonds are being favorably looked upon. The confidence of the market in Europe will be a heavy holder of American securities. We look for a resumption of buying movement by tomorrow forenoon."

New York Stock Letter.
James A. Pollock & Co., bankers and brokers, 6 West Second South street, reviewed the following stock market letters from their New York correspondents, over their private wire, yesterday afternoon:

Logan & Bryan say: "The market closed irregular. The recent advances, such as the Calumet, Erie, and Union Pacific, suffered from profit-taking, especially in Colorado Fuel and Iron. Smelter stocks were strong, although they did not retain their advance. The action of the market continues to bear out our recent writings. It is a scalping market. Would buy on the setbacks."

UNITED STATES ARE HERE FROM MISSISSIPPI

Carload Will Arrive This Morning,
the First of the
Season.

**FEW STRAWBERRIES
ARE ON THE MARKET**

Limited Supply of Vegetables,
Asparagus Especially Being Scarce.

There will arrive on the local market today a carload of tomatoes from Mississippi. It is interesting to know that this is the first shipment out of Mississippi of tomatoes for the West this year. These tomatoes will sell at from \$2 to \$2.50 a crate wholesale. There were but few strawberries on the local market Tuesday. The Colorado berry is very much like the Utah berry. Those received Tuesday were in good condition upon arrival.

Asparagus, which was out of the market Monday, came in again Tuesday. However, there was but a limited supply of home-grown asparagus in the market during the past several days have much affected the asparagus crop. There is nothing but a small supply, but it is not quite as scarce as it was last week.
